

Feeding Wylie

Feed Wylie (yellow collar) similarly AM & PM

1. Place 1 **full** cup of Victor Dog Food in a plastic sandwich bag. Add water and close bag. Always keep two bags filled with water.

2. When it is time to eat, place water-soaked food in dog bowl. Mix with a hand mixer (a). Add more warm water until it looks like cream of “anything” soup (b). Continue mixing.

a.

b.

3. Place the food dish in the elevated stand and let him eat.

Wylie gets Heartworm on the 20th of the month. His chew needs to be diced and mixed in his food.
